SPORTEL is aware that you are being targeted via mailings by "International Fairs Directory" that requests participants, in particular exhibitors, to complete and return a form, granting a free listing in their directories.

Beware: In fact, these confusing mailings constitute a contract to purchase advertising space!

Responding clients unintentionally find themselves threatened with legal actions if they do not pay €1,212 or more per year for this unwanted advertising.

We confirm having **no business** relation with International Fairs Directory, Inter Fair and Mulpor Company, and have not authorised them to use SPORTEL's name or logo.

SPORTEL in no way endorses the business practices of International Fairs Directory, Inter Fair or Mulpor Company, and **urges its community to use utmost caution in the event they are contacted by either of these companies.**
